

## Activity 5.1

What are some of the problems mentioned in the video of sourcing information from the internet?

Too much information easily available

Difficult to decide what is relevant and appropriate

Easy to plagiarize accidentally

---

## Activity 5.2

What are the ways Professor Bolton mentions on how to write from sources in an academically acceptable way?

Use direct quotations

Paraphrasing

Summarizing

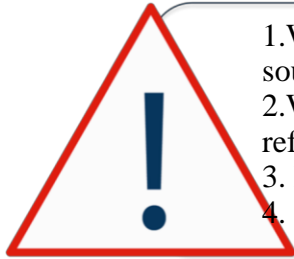

Giving in-text citations

Providing a list of final references

---

### Activity 5.3

What do students need to be aware of when sourcing for information? How can students avoid accidental plagiarism?

1. When students try to insert photos or diagrams from Internet sources, references must be provided;
2. When students want to use tables of data, remember to reference when necessary; ✓
3. Look for original sources of data and information;
4. Check the references carefully.

---

### Activity 5.4

Highlight some points mentioned in the interviews with professors that you think are important.

1. Plagiarism involves taking someone else's ideas, words, diagrams etc. from particular sources
2. Be aware of where information come from and always acknowledge the sources.
